

JBL T100A

Lightweight, in-ear headphones with a single button remote/mic

Enjoy heavyweight sound in lightweight headphones.

Drawing on expertise learned from building some of the finest loudspeakers in the world, JBL engineers created lightweight, comfortable headphones that deliver signature JBL sound. The T100A's 8mm drivers generate high sensitivity, extended frequency response and PureBass performance that is deep, powerful and accurate. So you hear the truth from your favorite music. And because we know headphones, like the music they deliver, are an extension of your personal style, JBL T100A's are available in white, black or red and come with a durable cord for stress-free sound enjoyment. In addition, there's an in-line microphone that lets you take calls without taking the headphones off.

Features

- ▶ JBL signature sound
- ▶ Lightweight for the on-the-go listening
- ▶ Single button remote/mic
