

# JBL ONBEAT™ MICRO

Portable iPhone 5 speaker dock with new Lightning connector

## JBL OnBeat™ Micro

Introducing the JBL OnBeat™ Micro. This compact speaker dock for the iPhone 5, iPod touch 5th generation and iPod nano 7th generation packs a serious audio punch, thanks to two full-range transducers and built-in digital signal processing (DSP) that combine to deliver dynamic, space-filling sound.

If you've got an iPhone 5, you've got to get the JBL OnBeat Micro. With the new Lightning docking connector built in, this speaker dock lets you enjoy your music without wires or adapters, and even has a USB port for compatibility with other devices. Compact and portable, the JBL OnBeat Micro can bring the noise from ceiling to floor for up to 5 hours when it's using batteries and allows you to charge your device when it's using AC power. The JBL OnBeat Micro is good to go whenever and wherever the rhythm hits you.

## Highlights

- Built-in Lightning docking connector
- JBL® full-range transducers
- Fully digital signal path with digital signal processing
- Battery and AC power
- USB port
- 1/8-inch (3.5mm) stereo input
- Compact and portable design

# JBL ONBEAT™ MICRO

Two JBL full-range transducers bring your iPhone 5 alive.

## Key Features

### Built-in Lightning docking connector

Get live with the music on your iPhone 5, thanks to the JBL OnBeat Micro's Lightning docking connector. The connection is built in, so there's no need for wires or adapters.

### JBL full-range transducers

Find a room and rock every bit of it. The JBL OnBeat Micro features not one but two JBL full-range transducers to project incredibly dynamic sound that fills your surroundings.

### Digital signal processing

JBL speakers – even small ones – aren't miserly about delivering great sound. The JBL OnBeat Micro employs DSP to generate big audio with great bass from a compact speaker.

### Battery and AC power

You can power your own personal concert with the JBL OnBeat Micro for up to 5 hours using four AAA batteries – or bounce to the beats nonstop using its included AC adapter.

### USB port

Enjoy easy access to great music with the JBL OnBeat Micro's built-in USB port, which provides audio playback from other Apple® devices and also charges docked iPod and iPhone devices when you're using AC power.

### 1/8-inch (3.5mm) stereo input

The JBL OnBeat Micro's audio input conveniently allows you to connect to virtually any portable device and make it the centerpiece of the party.

### Compact and portable design

Move the music whenever the mood strikes you, thanks to the JBL OnBeat Micro's recessed connectors and lightweight, compact structure.

### LED status indicator

For your convenience, the JBL OnBeat Micro's clearly visible LED screen fills you in on its operating status.

## What's included:

- 1 JBL OnBeat Micro speaker dock
- 1 AC adapter
- Warranty card
- Quick-start guide

## Power/Dimensions
